

*Favuzza Missions*  
BRINGING THE MESSAGE OF LIVING HOPE

Douglas Favuzza is a US missionary evangelists currently serving in the nation of Argentina.

## **DOUGLAS**

Douglas was born and raised in Northern New Jersey. When he was a young man, he considered himself an agnostic and was unsure if God was real or if Jesus was alive. But after years of living a reckless party lifestyle in the New York/ New Jersey Metro area and almost dying from an overdose, he realized the Lord wanted to get his attention. A month after his near-death experience, his mother invited him to his first Christian event. Suddenly, the Risen Lord Jesus appeared to Him during the worship time! He could see the Lord Jesus with his own eyes over the multitude of worshippers, and he realized he could no longer deny that God was real and that Jesus was alive!

From the first day of his encounter and salvation, God called Douglas to bring the message of living hope, the saving, healing, and delivering power of the Gospel of the Lord Jesus Christ to the world. Douglas transformed completely just from this one encounter with the Lord Jesus. God filled him with the powerful, glorious Holy Spirit that same day and called him to be a witness to the nations that Jesus Christ truly is alive!

Douglas received his bachelor's degree in business and marketing at Montclair State University in NJ, and his master's in Ministry at Christian International in Santa Rosa Beach, Florida. He later continued and completed a four-year theology and preaching diploma at the International House of Prayer in Kansas City, Missouri. Later Douglas and his wife Brittany married, and both received their ministry ordination and full-time missionary status with the Assemblies of God.

Douglas and his wife served as youth pastors in the city of Harrisburg, PA. They began their evangelistic ministry when the Lord spoke to him in two

dreams in one week to confirm that it was the time the Lord wanted them to start traveling and to "bring the message of living hope to the world."

They have ministered in India and served in Africa for a time with their spiritual father, Evangelist Christopher Alam, and his crusade team in Africa, Dylumis Ministries. Pastor Christopher Alam is an international speaker and crusade evangelist.

While in Africa, the Lord called them to go to Argentina. In 2014 Douglas and Brittany became official missionaries in Argentina. They have been serving there, doing local and city-wide crusade evangelism with new church planters and established churches, and training discipleship and worship leaders in preparation for the incoming harvest.

Doug is known for preaching with the love, passion, and conviction, as well as for his simple, clear but powerful gospel messages. He has seen hundreds of people come to the Lord as God has confirmed His word with power, healings, miracles, signs, and wonders. The Lord often uses Doug to see people revived in God's presence as he is sensitive to the move and working of the Holy Spirit.
